WE WERE GREAT IN THE LAST OF THE '70'S

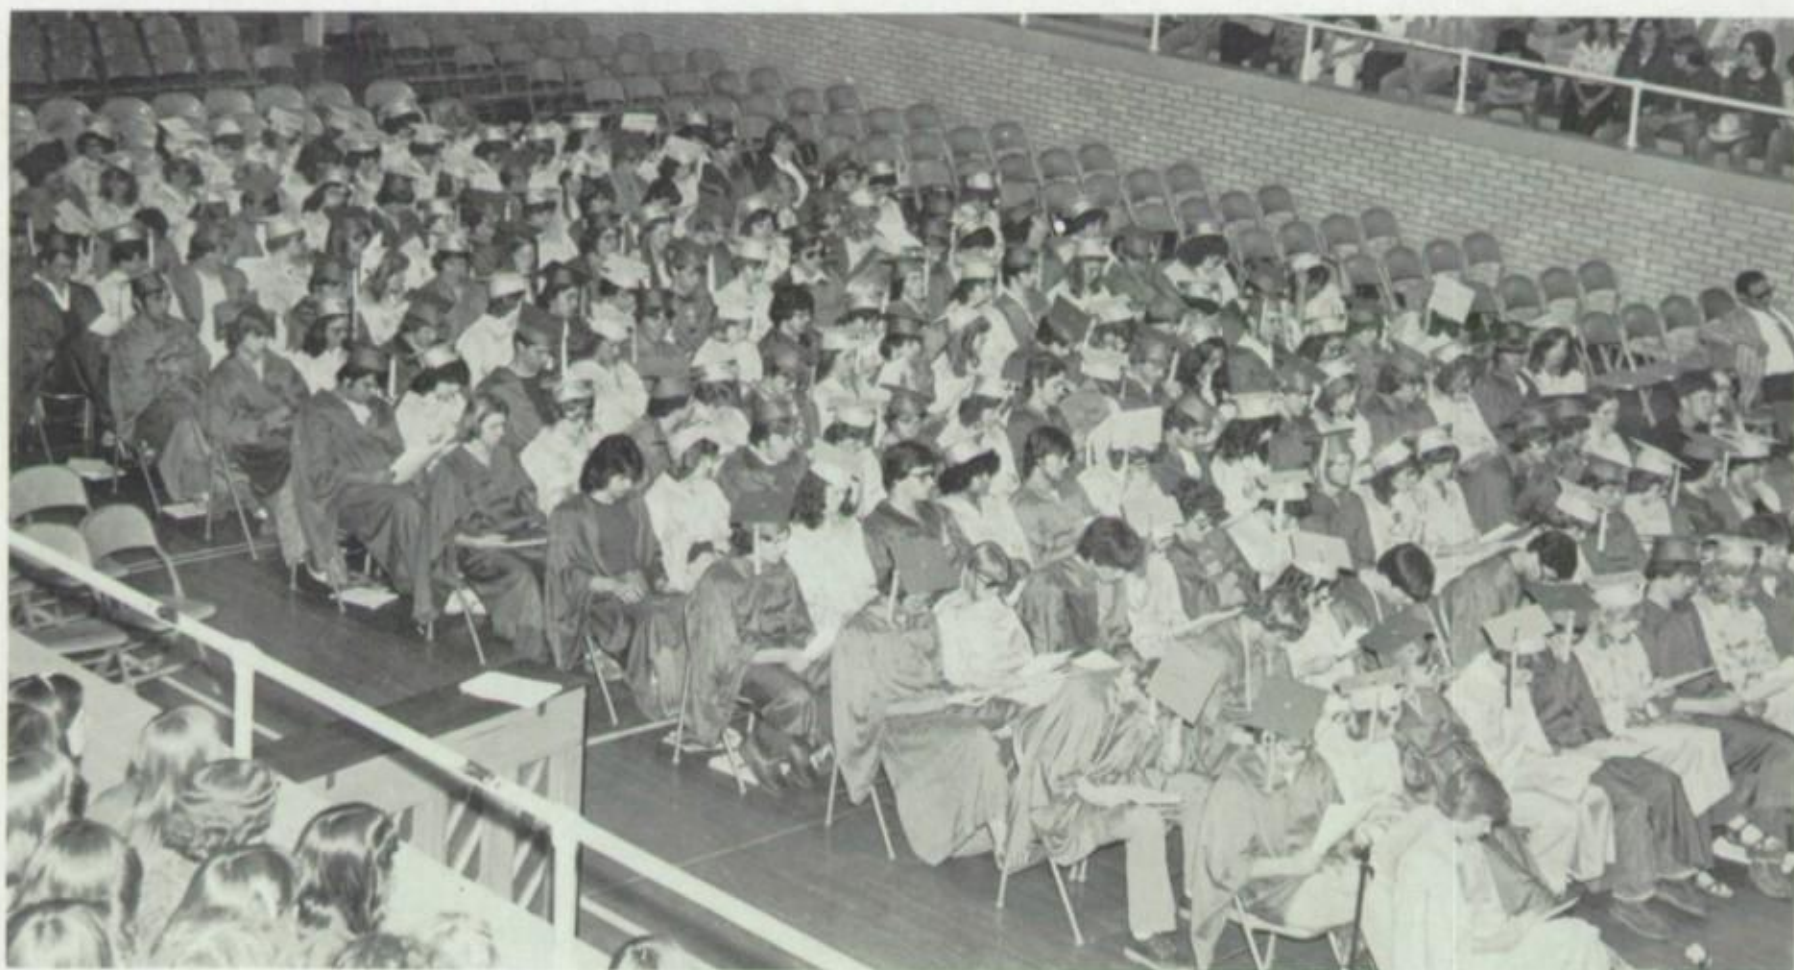

1979 — the end of a decade but only the beginning of a great year. At Philo High School 1979 was not just another school year. It was action-packed, filled with M.V.L. trophies, scholastic awards, hardworking clubs, and dedicated marchers.

For some 1979 marked their best but also their last year. For others it was only the beginning. Many students knew the feeling of victory, in and out of sports.

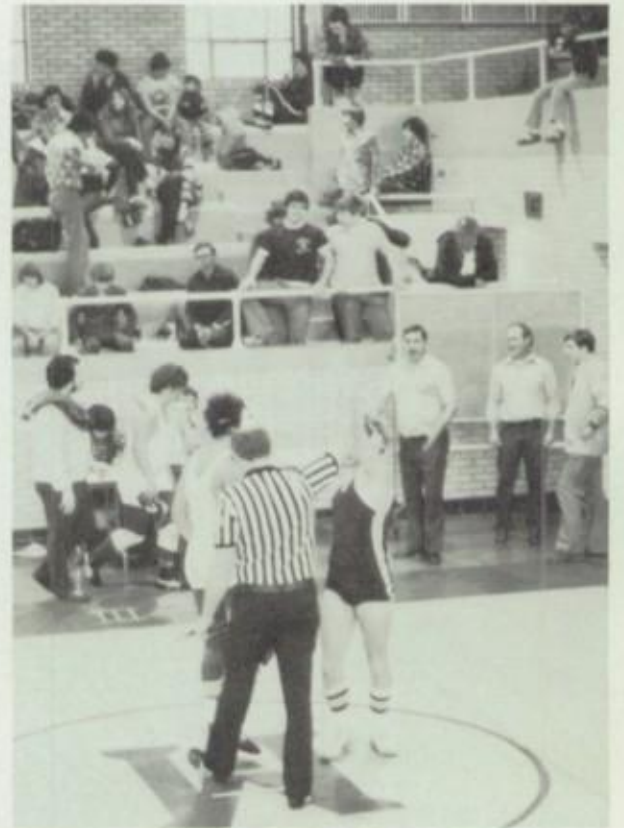

In the area of sports our wrestling and baseball teams captured M.V.L. titles. The girl's volleyball team captured the Lakewood Invitational and a new team was added to the agenda, girl's softball. The Marching Electrics showed their support to many by cheering them on to their victories.

Scholastically, many achievements were made. Many juniors and seniors were selected to be in Who's Who Among American High School Students. Others received the honor of being inducted into the National Honor Society, while others gained achievements in the classroom.

By each individual doing his or her own part WE "put it all together" to make the *last* the *best*.

WHY WE WERE GREAT

YEARBOOK DEDICATED

Mr. Hansgen shows his familiar smile.

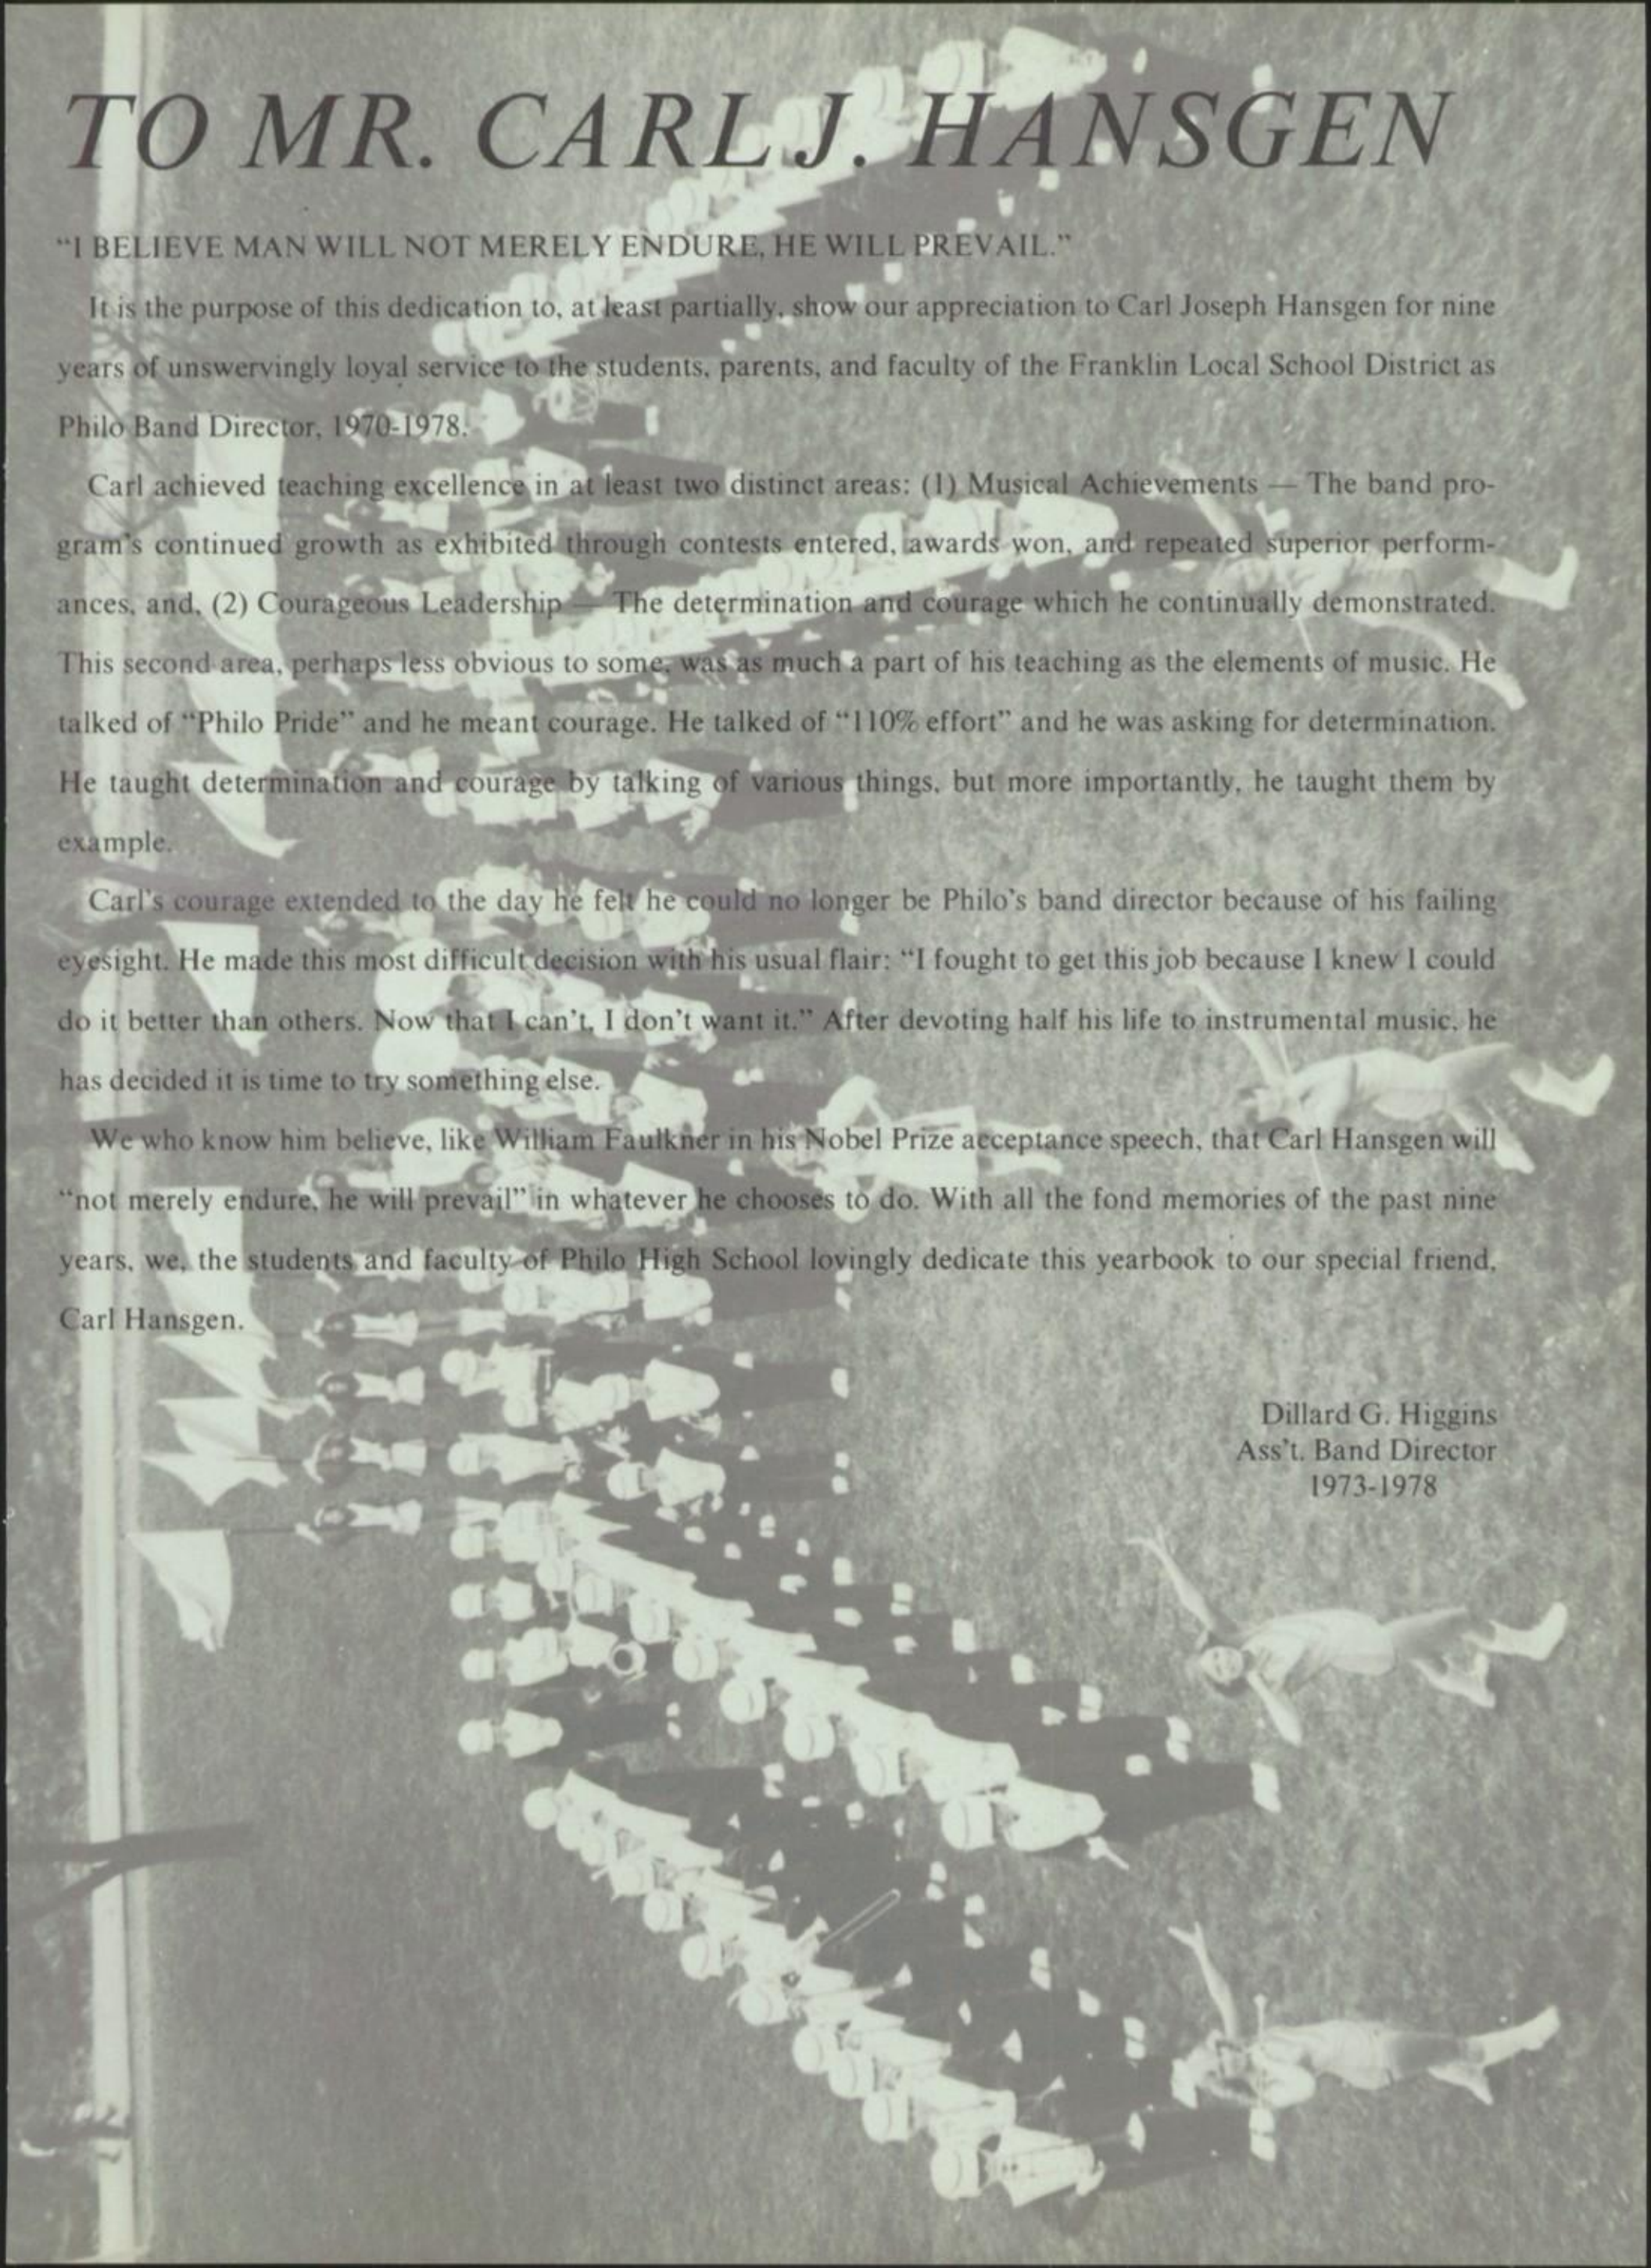

Mr. Hansgen receives his dedication gift.

Shari Barclay presents the dedication award.

TO MR. CARL J. HANSGEN

"I BELIEVE MAN WILL NOT MERELY ENDURE, HE WILL PREVAIL."

It is the purpose of this dedication to, at least partially, show our appreciation to Carl Joseph Hansgen for nine years of unswervingly loyal service to the students, parents, and faculty of the Franklin Local School District as Philo Band Director, 1970-1978.

Carl achieved teaching excellence in at least two distinct areas: (1) Musical Achievements — The band program's continued growth as exhibited through contests entered, awards won, and repeated superior performances, and, (2) Courageous Leadership — The determination and courage which he continually demonstrated. This second area, perhaps less obvious to some, was as much a part of his teaching as the elements of music. He talked of "Philo Pride" and he meant courage. He talked of "110% effort" and he was asking for determination. He taught determination and courage by talking of various things, but more importantly, he taught them by example.

Carl's courage extended to the day he felt he could no longer be Philo's band director because of his failing eyesight. He made this most difficult decision with his usual flair: "I fought to get this job because I knew I could do it better than others. Now that I can't, I don't want it." After devoting half his life to instrumental music, he has decided it is time to try something else.

We who know him believe, like William Faulkner in his Nobel Prize acceptance speech, that Carl Hansgen will "not merely endure, he will prevail" in whatever he chooses to do. With all the fond memories of the past nine years, we, the students and faculty of Philo High School lovingly dedicate this yearbook to our special friend, Carl Hansgen.

THE LIFE

OF A SENIOR

THROUGH THE YEARS OF TIME

My but we have grown,
We're little people no more,
We cuss and drink and smoke and swear . . .
There is only a casual resemblance
To the kids you use to know.
Sometime, just once, take a look into our eyes.

Things pass us by
And we buy them
At such a rate
That they don't even matter.
In their stead comes — the scent.
An aroma rises — the scent —
To turn one's head from home:
The sky and earth and the people
Combine to form a bouquet of desire
To move! To live! To be!

Still, I am given to wonder;
How many before me sat as I do now
Looking upon classmates
Growing old, much too fast.
(At least I do not see them
Blown apart in war
Thank God!)

I myself cannot properly say good-bye.
I wave the scent;
I will be true
And alight somewhere afar.

We, You and me,
Are not peoples who hang on
Longer than need be.
I could be back . . .
When memories settle down in the past.
So I'll see you sometime,
In the future,
We'll have lunch together . . .

And isn't the worst part
That we are all so many fools,
To leave a home
In search of the eagle's aerie.

NATIONAL HONOR

Julie Huston (seated left) and Angela Ribble (seated right) play Password Plus while host Todd Spring looks on.

It was more than Password; it was Password Plus, and the answer to the puzzle was an NHS member. On April 10, the Philo NHS presented the skit Password Plus at the induction assembly. Todd Spring acted as host with Angela Ribble, Julie Huston, Roy Clapper, and Bill Dilts, as contestants. Mel Bates discussed the four qualities of NHS: Scholarship, Service, Leadership, and Character. Secretary Gretchen Green then read the names of the following students as 1979 NHS inductees: Sophomores, Candy Crawford, Lori Davis, Brian Dodd, Brad Morgan, Jayne Phipps, Adam Pyles, Karen Osborn, Bob Skidmore, Terre Spurgeon, Carol Toole, and Julie Zink. Juniors, Mary Kane, Loretta Mitchell, Christy Toole. BECOME M.V.L. CHAMPIONS

1979 was the year of Electric baseball. The season was full of high speed pitches, quick and accurate double plays, smashing home runs, exciting grand slams, triumphant victories, but most of all teamwork and the desire to win. The Electrics, led by head coach Ron Patterson and reserve coach Sam Dunn, notched an impressive 20-7 overall record. More importantly, however, the Electrics won the Southern division of the M.V.L. with a 10-3 record enabling them to go to the M.V.L. playoffs for the third straight year. May 17th and 19th were the times Municipal Stadium was the place. Although the team lost the first game to the West M. Tornadoes by a close score of 3-2, they pulled it all together and fought back to an easy 7-0 victory in the second game and a grueling 5-3 upset in the third game. The third time was a charm, and the varsity baseball team proved that they deserved the M.V.L. championship.

The Reserve baseball team under coach Sam Dunn, showed their baseball abilities and finished the season with a 9-4-1 record. Although the season started out rainy, the reserves fought hard to keep Philo at the top of the M.V.L. in baseball.

CHAMPIONS: (Back Row, l to r) Coach Patterson, Rusty Carr, Rocky Carr, Don Sutton, Jim Brownfield, Don Moyer, Scott Anders, Tim Galligher, Russ Wagner, Brad Hina, Rex Thompson, Marvin Houk, Troy Moore, Rane Wilson, and Coach Dunn. CLASS DAY

Freshmen, Sophomores, Juniors and teachers focused their attention to the 204 graduating seniors who walked into the Philo gymnasium on May 25th.

The senior class history was read by Dee Moore and Becky Kolsky and the amusing prophecy by Rocky Brownfield, Matt Mautz, and Darla Bradley. Various students from all grade levels received awards. Among the many awards recipients were: Valedictorian — Gretchen Green and Salutatorian — Melanie Bates; John Philip Sousa Band award — Vicki Gatewood; Bausch & Lomb — Kevin Ribble; Outstanding Chemistry award — Matt Pyles; Scholar Athlete award — Melanie Bates; Arion (Choral) awards — Angela Ribble and Jacala Thomas. Although only certain seniors received trophies and certificates, every 1979 received the unseen award of respect and honor from underclassmen and faculty.

Valedictorian, Gretchen Green receives her scholar award.

Salutatorian, Melanie Bates receives her trophy for her scholastic honor.

There were many feelings of mixed emotions among the 204 graduating seniors on the night of May 31st, 1979. It was a feeling of success but still depression; a feeling of happiness but we were still unsure of what lay before us. Only the coming years would hold the answer.

The Baccalaureate services were conducted by Reverend Larry Beougher.

Many tears were shed and many hands shook in a gesture of good luck but we will never forget that night or each other.

Curt Clifton gives a triumphant smile as he receives his diploma.

FULFILLMENT

TO THE SENIOR CLASS OF '79

The day is getting closer
The one we've been waiting for
When you're there with your friends
It means so much more

Passing special glances
We all know what they mean
Then we'll be remembering
All the things we've seen

Thinking of the good times
Putting aside the bad
Thoughtful looks on every face
Thinking of what we had

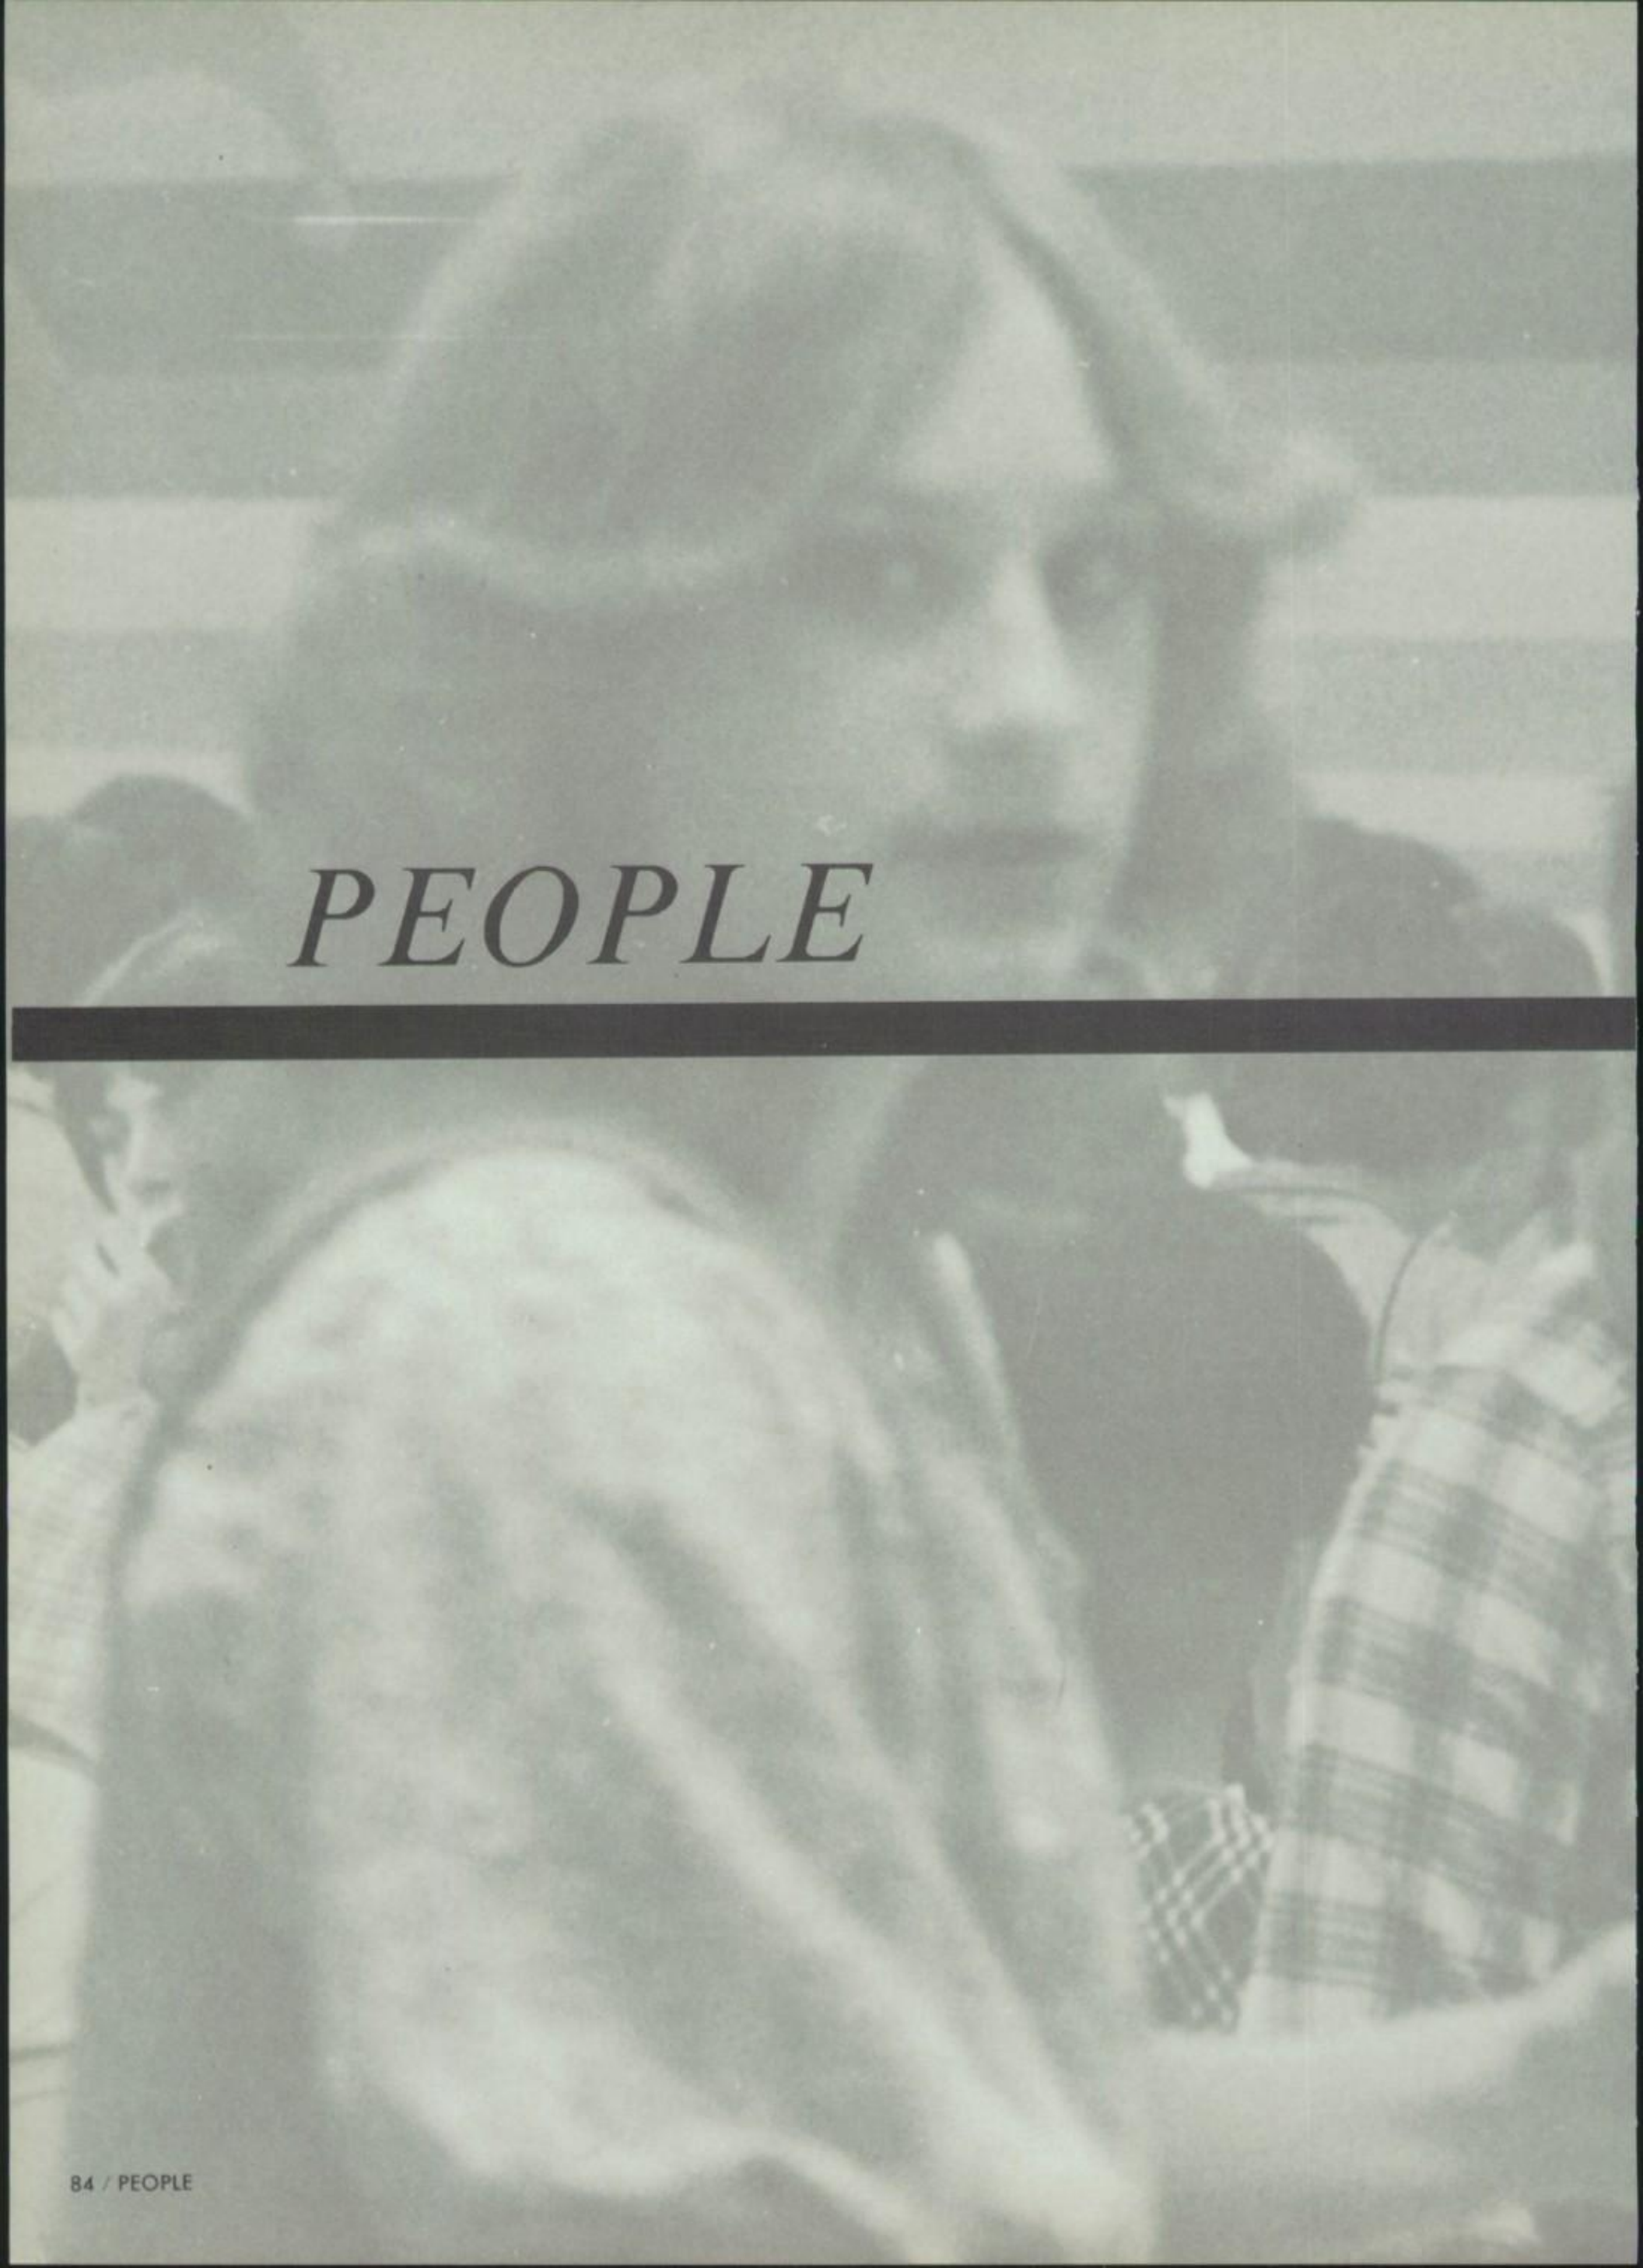

Passing around senior pictures
To remember all your friends
Knowing that those memories of friendship
Will never end

All these years have been tough
But we all made it somehow
Now the only question is . . .
"What will we do now"

It's hard to believe it's over now
But we've all made it through,
Thanks for all the help you've given
Couldn't have done it without you

Look back on the memories
That we all once shared
And don't forget the feeling
There was someone there who cared

Good luck to you all
In whatever you do
Please remember me
Cause, I'll never forget you.

PEOPLE

PEOPLE

HOW DO YOU FEEL ABOUT YOUR STUDENTS

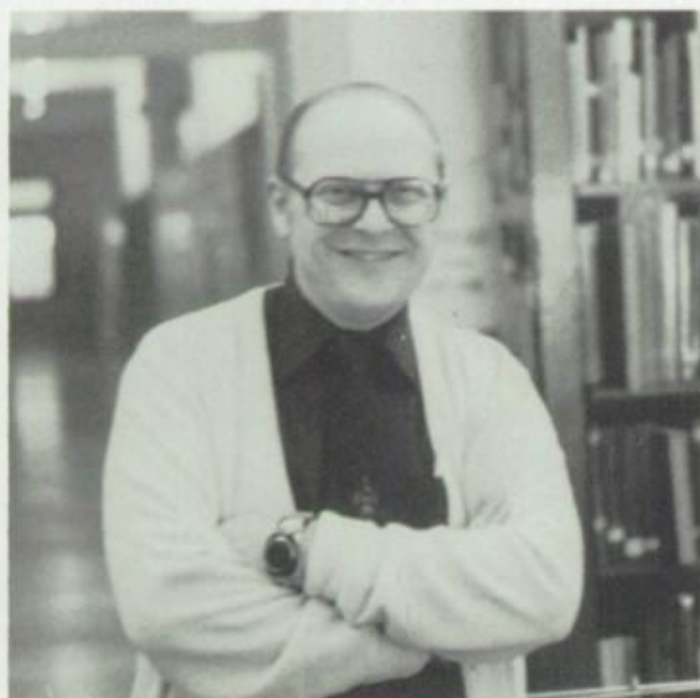

FRED DIETZ — CONSUMER MATH, ADVANCED MATH, & ALGEBRA I & II

"I feel the majority today are more concerned and conscientious about their work and future than the students fifteen years ago."

SHARON ALLEN — ENGLISH & GERMAN

"A few students at P.H.S. really try to learn and progress. These students are delightful to have because it gives me a satisfaction knowing I'm helping them. However, most students do not involve themselves in their work and as a result seem to be just putting in time or taking up space."

TOM UPPOLE — MINIS, ENGLISH, & FRENCH

"Most of the students work as they should. I enjoy their presence in the classroom."

TERRY OHLINGER — HISTORY STUDIES & CONSUMER EDUCATION

"I really appreciate the help I have from the students that work for me. The quality of their work is excellent and it would be difficult to get everything done without them."

AND THE WORK THEY DO FOR YOU?

STEPHEN DIXON — ENVIRONMENTAL SCIENCE I & CHEMISTRY

"I feel that the students at P.H.S. are pleasant and easy to work with. My students are very enthusiastic, conscientious, and hard-working."

LINDA HIGGINS — COLLEGE ENGLISH, SPEECH, MINIS, & DRAMATICS

"The classes I have this year are the best I've had for quite some time. They challenge me and I hope I've challenged them. Naturally, there are some who have failed to accomplish what they should."

SYLVIA CORNETT — TYPING & BOOK-KEEPING

"Excellent . . . I have no problems or complaints at all. The students here are hardworking and very cooperative."

RICHARD SPURGEON — WORLD HISTORY & AMERICAN HISTORY

"I feel the students that are of World and American History inquiry are the best. Most of them do not disappoint me."

DIANA BURNSIDE — BIOLOGY & ENV'T II

GARY WARNER — SHOP INSTRUCTOR

"Most students have great motivation and ability to be creative. Great strides have been made in my classes."

PHYLLIS MORGAN — PHYSICAL EDUCATION

"I feel that they are an enthusiastic and determined group and if they apply themselves, they will be able to accomplish anything."

LYNN ENGLEHART — SPECIAL EDUCATION

"They do a great job and try very hard."

RICHARD BANFIELD — SHOP INSTRUCTOR

"Each of my students is a completely different person and must be treated as such. I enjoy the variety of personalities and the challenges they offer. Most of my students work well for me; each according to his own capacity."

JANIS PETTI — TYPING & SHORTHAND

"Some students at Philo are lazy, but most students are hard workers."

JAY VINSEL — GENERAL SCIENCE & PHYSICS

"They're great and really friendly with me."

RUTH AULT — PLANE GEOMETRY & BUSINESS MATH

"Generally the students I have in my classes are hard workers and I feel they are putting forth their best effort, although I am continually telling them they could always work a little harder."

KARI GLICK — ART

"I feel that they have the ability to do the work although there are times they tend to be lazy."

CAROLYN BROWN — ENGLISH & SPANISH

"Many students disappoint me because they don't value education or care only about grades and not learning. However, some of my students, especially some of my Spanish students, make me glad I am a teacher."

JACK PATTERSON — PHYSICAL EDUCATION

"The majority of the students are very cooperative and pleasant to be around."

DARRELL DANIELS — SPECIAL EDUCATION

"My students and I have an understanding that most importantly I am their teacher but I am also their friend. I feel that their works have surpassed all my expectations. They perform 110% of what we ask of them. It's been a good learning experience for both of us."

(LEFT) BERNARD HEIGLEY — SHOP INSTRUCTOR

"I am very pleased with the work of many students; this year especially the students who have displayed projects at the Industrial Arts Exhibit."

(RIGHT) TERRY ALLEN — MATH II & BUSINESS MATH

"A lot of the students just do what is required and some even less. The majority of those that do work approach the task with the attitude that they would rather be somewhere else and doing something else. A few want to go beyond the minimum requirements. These people are the ones that I feel I really teach. The others will probably approach life in the same manner."

JANE RICHARDSON — HOME ECONOMICS & MANAGEMENT

"I have a different experience everyday. I wouldn't miss it for the world."

"BUTCH" SPAETH — AMERICAN GOVERNMENT

"Overall, I feel the students I have try fairly hard. As in most everything, however, people do not realize their full potential."

MYRON GOINS — GENERAL SCIENCE & HEALTH

"Most of the students do all the work I assign and usually do it to the best of their ability."

MR. DILLARD HIGGINS — Band Director.
I feel that when I do a good job my students do the same. When I'm lousy, they're lousy. There are exceptions to both rules though.

MR. LARRY SPOON — Assistant Band Director.
I think my students are the same as people in general: some good, some not as good. Fortunately, most are the first type. Honestly, I have not taught long enough to develop an opinion as to how the students respond to me. For the most part, I feel very positive.

MRS. NANCY HILL — English, Minis Journalism.

I like my students and feel that most of them want to do well. My biggest regret is not being able to inspire those students who don't use all of their ability, who settle for mediocre instead of being the best they can be.

MR. JAY VINSEL — General Science, Physics.

MRS. JUDY BIRCH — Head Librarian.

Of course, there are always those library users who don't accomplish as much as others but it's great to see the more serious students work and find the materials and information they need for their projects.

MRS. MARY SMITH — Assistant Librarian.

MRS. MARILYN MURPHREE — Guidance Counselor.

Student aides who have worked in the guidance office have been very cooperative and have done a good job.

MR. JOHN BUCHOLTZ — Guidance Counselor.

I've said before they're great! They keep me going.

MR. BILL BOYDEN — History Studies and Civics.

"Most of them seem very willing to cooperate and try to learn as much as they can. There are of course, those which make very little effort to learn anything. What concerns me is that students really don't understand the value of a high school education. Some believe that jobs are easy to get without education. Some do believe they could do much better in life with a good education."

MR. BOB WILSON — Sociology, World Geography, History Studies and American History.

"They're great!! Their work is adequate in most cases."

MR. RON PATTERSON — Driver Education.

"I enjoy most of my students but some make me wonder why I am in education. A small portion of the students work up to their full potential."

MRS. BETTY SHARP — Secretary

MR. ALFRED K. BELL — Principal

MRS. PAT MacLAINE — Secretary

THE LAST OF THE GREAT 70'S

To whom it may concern,

As editor of the 1979 CURRENT I would like to thank the staff, Mrs. Hill and Granville Gatewood Studio for all the help and support they have given me throughout the year. It really makes a person feel good when the members of the staff just volunteer to help without even being asked. Whenever I needed any last minute artwork done Kelly Martin was always willing to help without a complaint. A special thanks goes to Diane Wilson, Dee Moore, Jeannette Walters, Teresa Starr, and Bev Boetcher for the last minute details they helped me with at deadline time. Also to Mr. Dillard Higgins for writing the dedication. It took a lot of time and effort to write such a fine article. And, last but not least to my parents, who put up with my many nights of staying after school.

Sincerely,

Shari Barclay

THE LAST OF IT

Well, we've finally reached THE END, or is it really THE END??
